

Public Notice regarding herbicide use over the waters of and downstream of the St. Clair River & Lake St. Clair, Clay Township, St. Clair County, Michigan. Published 9/7/10

The general area of impact includes all of Clay Township, St. Clair County, Michigan. A map of the specific areas of treatment is available for inspection at the Clay Township Hall, 4710 Pte. Tremble Road, Clay Twp., Michigan 48001-0429

From September 14 through October 14, 2010 specific properties and waters within Clay Township and Algonac will be treated with chemicals to control the invasive plant Phragmites. The treatments are being done under permit number 10-98-2204-0 issued by the State of Michigan Department of Natural Resources and Environment to Clay Township, Michigan.

The specific chemicals being used are Glyphosate Herbicide (AquaPro) along with a Surfactant (Cygnet Plus). Areas being treated will be posted with the appropriate signs indicating the date on which they were sprayed and the end date of water use restrictions. Water use restrictions for these products are as follows: Do not use this water for swimming, bathing, ornamentals or turf irrigation, domestic purposes, agricultural irrigation, livestock watering or similar purposes until 48 hours following the time of treatment. Each property being treated will have signs posted as required by permits indicating the permit number, chemicals being used and use restrictions for the waters being treated.

The following properties identified by tax parcel ID number are included in the treatment areas. A map is available for inspection at the Clay Township hall.
